

## Cast Pedestrian Stations

912H

400H

 Made in the USA

### Overview

The cast pedestrian stations provide an integral push button mount and sign display platform. Each pedestrian station has adjustable mounting saddles to provide a snug fit to any pole, wire chase for service entry, and all hardware required for mounting the pedestrian station and sign.

### Materials

Cast pedestrian stations are made from aluminum. Mounting hardware is SS.

Powder Coated: Yellow (Y), Textured Black (B), Green (G)  
Standard (S)

### Geometry

- 57 H mounts a 3" push button and displays a 5 X 7 ¾" sign
- 912 H mounts a 3" round push button and displays a 9X 12 " sign
- 400 H mounts a 5 X 9" rectangle push button and displays a 9 X 12 " sign

### ABOUT

Campbell Company is one of the leading American manufacturers of pedestrian signal safety products, accessible pedestrian signals (APS) pedestrian push buttons, signs, and hardware.
